PART 5:
MANUSCRIPT CONTENT AND FORMAT

5.1 GENERAL INSTRUCTION IN MANUSCRIPT PREPARATION

A. Paper

Engineering : 8 ½ " x 11 " , DLSUD stationary paper
Architecture : A4 size , white bond paper

B. Typeface

Tahoma, pt 12, regular

C. Margins

Top : 1.0 inch
Bottom : 1.0 inch
Right : 1.0 inch
Left : 1.25 inch

D. Spacing

Before 0 pt , after 0 pt

single space : for table titles and headings, figure captions, references

1.5 space : body of manuscript

Doublespace : after chapter titles, before major subheadings, and before and after tables in the text.

: after the last sentences and another paragraph

E. Pagination

number all pages, except the artwork for figure and preliminary pages

preliminary pages usually carry lowercase roman numerals and only shown in table of contents

Introduction (Chapter 1) – Arabic numerals

page numbers continue throughout the appendix

Bottom right corner of page

Font Tahoma , Italics size 9

F. Tabs

0.75 "

G. Paragraph

Body : Justified alignment

Titles : Left alignment for major headings / subheadings

(Separate page for Part Title and Appendices only)
Left alignment for subheadings

H. Figures and Figure Captions

small figures may appear on a page with some text

large figures are placed on a separate page immediately after the page on which figure is first mentioned

Figure number is italics; text of the caption is not italicized; capitalize only the first word and any proper nouns; figure captions are typed below the figure; Minimum size – 8 pt, maximum size – 14 pt

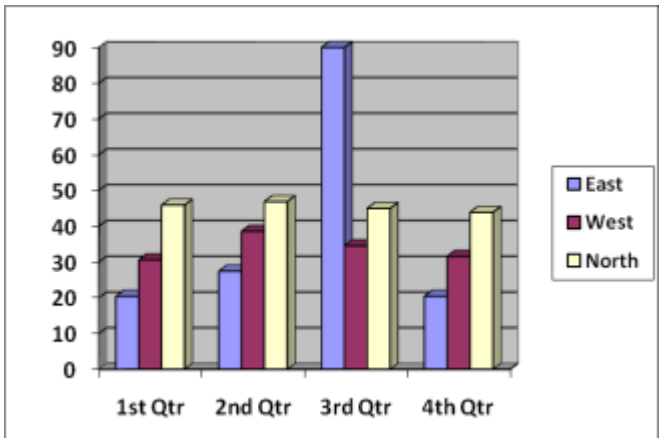

Figure 2.1 : Title
(Format : *Figure <chapter no.> . <no of table>*)
Source: (eg. title of book)

I. Tables and Table Captions

short tables may appear on a page with some text

long tables are placed on a separate page immediately after the page on which the table is first mentioned

Table number is italics; text of the caption is not italicized; capitalize only the first word and any proper nouns; table captions are typed above the table; Minimum size – 8 pt, maximum size – 14 pt

(Format : *Table <chapter no.> . <no of table>*)
Table 2.1: Title

Label	**Label**	**Label**	**Label**
Data	Data	Data	Data
Data	Data	Data	Data
Data	**Data**	**Data**	**Data**

Source: (eg. title of book)

Thick line -1.5 pt, Thin line – 1.0 pt
Line Spacing – single
Space before: 0 pt
Space after : 0 pt

J. Indentations Indent the first line of every paragraph.

Bibliography has a hanging indent format (first line is set flush left and the subsequent lines are indented)

K. Paper Orientation For engineering department : portrait except for figures and tables needed in landscape orientation

For Architecture department : portrait

Size A4 (210 mm x 297 mm) for general text and drawings

For BGM :

L. Editing Style American Psychological Association (APA) style

5.2 HARDBOUND AND ELECTRONIC COPIES OF THESIS

5.2.1 Bookbinding of Manuscript

The final Thesis Manuscript shall be hardbound and follow the prescribed format:

A. Color Engineering : green cover and gold letter markings

Architecture : black cover and gold letter markings

BGM :

B. Label Content of Title Page

C. Size Engineering : 8.5 " x 11 "

Architecture : A4 (8.27" x 11.69")

BGM :

D. No of Copies

1 copy for AEA Library
1 copy for Department
1 copy for Thesis Adviser
1 copy each for Thesis Student

Side Title

SURNAME/S OF THESIS STUDENT/GROUP	Title of Thesis	Month and Year of Completion

5.2.2 Electronic Copy of Thesis Manuscript

The Thesis Paper and final oral presentation shall be saved in non-editable portable doncument (PDF) file using a high quality Compact Disc – Recordable. This will be submitted together with the hard bound thesis manuscript.

A. Label Each CD – R shall labeled using a white sticker (approximately : 1.5" x 2") and has the following information :

"Title of Thesis Study"
Name of Thesis Students / Proponent
Name of Thesis Adviser (s)
Month and Year of Completion

B. No of Copies

1 copy for AEA Library
1 copy for Department
1 copy for Thesis Adviser
1 copy each for Thesis Students

5.3 Poster Format

All Thesis Student/Proponent who had completed their Thesis Study / Project and passed the Oral Defense is required to submit a poster summarizing their research output.

A. Poster type	Tarpaulin or photo paper (good quality)
B. Recommended number poster	1
C. Poster size	3ft x 5 ft
D. Orientation	Portrait
E. Recommended font	Arial or Tahoma, readable within half-a meter distance
F. Suggested contents	**For Engineering** Title of the Study Author(s) with presenter's name underlined and Adviser's Name Affiliations with addresses (referenced to authors) Abstract Introduction (background, significance & objective) Methodology Results and Discussion Conclusion and Recommendation Acknowledgments (eg. institution or any local funding agencies) References **For Architecture** Title of the Study Author(s) with presenter's name underlined and Adviser's Name Affiliations with addresses (referenced to authors) Abstract Introduction (background, significance, objective) Research Methodology Architectural Design Translation Conclusion and Recommendation Acknowledgments (eg. institution or any local funding agencies) References **For BGM**
G. Graphs, figures and illustrations	All graphs, figures and Illustrations must be clear and have informative captions
